

Community Safety and Crime Prevention Survey

Community Engagement Report

Background

The City commenced the process of developing its Community Safety and Crime Prevention Plan for 2019-2024 which will build on the City's existing community safety activities and will supersede the previous Community Safety and Crime Prevention Plan 2013-2018. Part of this process sought community feedback to identify the current perceptions of safety and crime in the City which will help inform the development of the draft Community Safety and Crime Prevention Plan.

Engagement Activities & Promotion

The project included two surveys: one for households and one for businesses. The survey was made available online via the City's engagement platform and was also distributed City-wide via letterbox drop. The survey was promoted on the City's social media platforms, one placement in the Echo newspaper and two community popups at local shopping centres: Hawaiian's Forrestfield and Kalamunda Central and one event pop-up at the Connecting Communities Event at Hartfield Park.

Outcomes

The survey will be used as a baseline for monitoring the performance on all future activities. The data from the surveys was able to confirm where the community wanted to see improvements to safety and crime prevention such as increased lighting/police presence for example and was an essential tool for the committee to ensure they were on track with the communities expectations.

Feedback from the survey was also used to guide the development of the updated Community Safety and Crime Prevention Plan 2020-2025.

Ongoing consultation with the public will include future surveys so that the committee can monitor the trends within community expectations and ensure they continue to align with the committees plans.

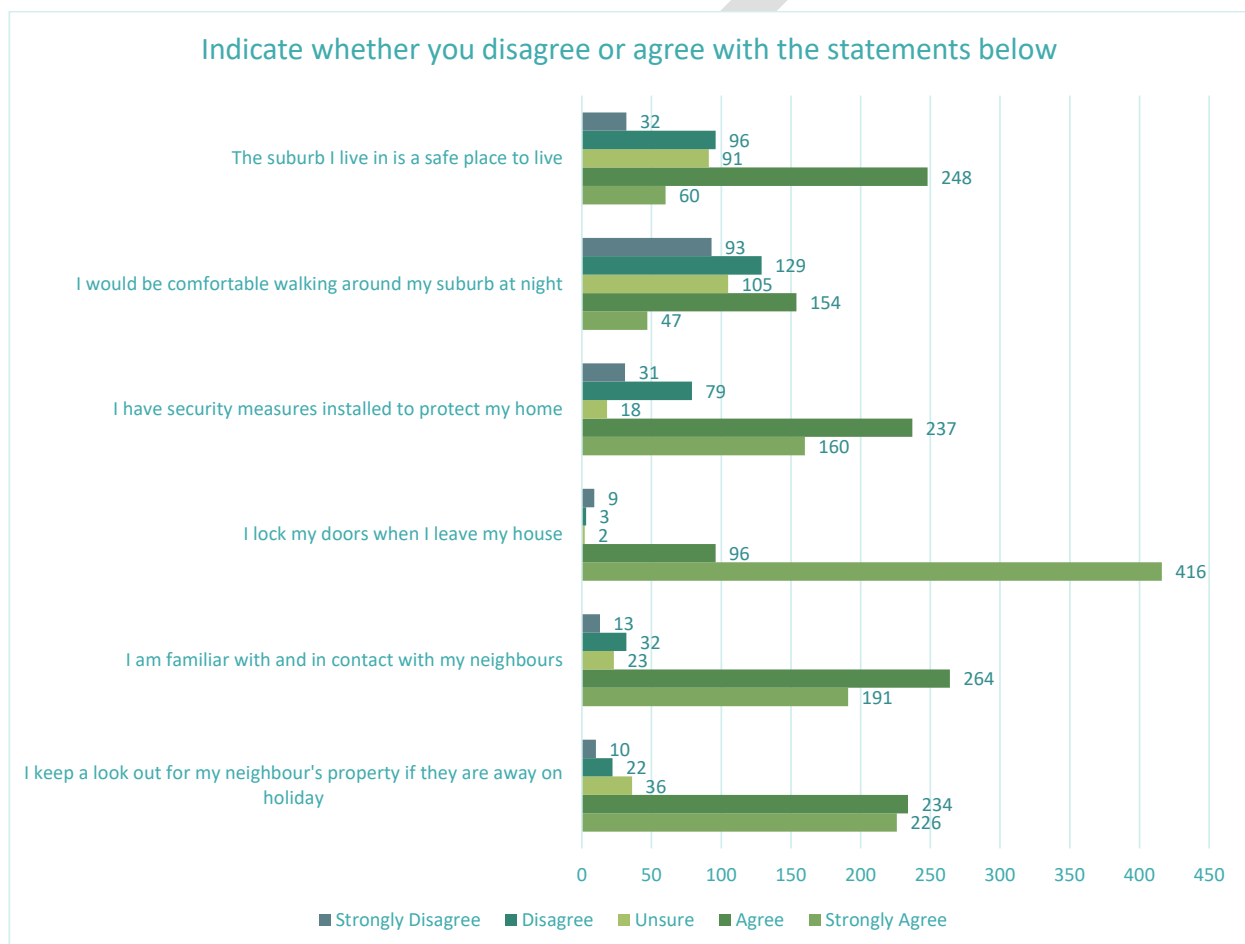

DRAFT

Community Survey Results

The survey was popular with a total of 565 submissions, 530 responses submitted by households and 35 responses submitted by businesses.

Question 1. Please indicate whether you disagree or agree with the statements below:

Question 2. List three things that would make your suburb safer

Respondent #	Comment
1	Eye's on the street neighborhood watch style patrols like those done in Belmont
2	More police on patrol More people out at night More lighting
3	More Police patrols, punishments that fit the crime, never a slap on the wrist. more neighbourly interaction
4	Police patrols
5	neighbourhood watch more police patrols even in daylight crime escalates during school holidays - parents just leave the teenagers at home unsupervised
6	Lower speed More police patrols Speed bumps
7	
8	More visible Police presence Tougher penalties in the courts Being allowed to post photos of suspicious persons and vehicles on social media
9	Making the roads safer for drivers by ensuring that contractors who want to block the roads, submit a traffic management plan and obtain a permit beforehand. The rangers to monitor for compliance. Permits to be charges for as part of a cost recovery program. Its time we started behaving like a City, by creating a safe road environment for residents.

Respondent #	Comment
10	Frequent Police patrol Install more street light, repair faulty street light and brighter street light
11	More police / security presence - better response time to reported disturbances from security patrols or police
12	Police or security presence Security checks when requested

197	More street lights. More police patrols
198	More police presence CCTV Better street lighting
199	

Respondent #	Comment
200	we need real punishments for crimes currently policing policy is to put everything down to civil and look for reasons to do nothing all court cases should be published on line for free and names should be easy to look up inclusive of civil cases and tribunal
201	Good lighting Neighbourhood activities Mobile police on motor bile or cycles
202	Security patrols probably a good idea with recent reports of break ins
203	better response times from the Police
204	More police Security patrols More lighting
205	Police or security patrols CCTV Neighbour hood watch
206	To see at least on police car a yr More lighting Safer entrance to Crystal brook ,phoned my times
207	Better Street lighting in some areas
208	Noisy, threatening neighbours moving out. Better police presence/attendance Security/ranger patrols after hours
209	Police patrols at night there is not a visible police presence in Kalamunda. I don't know if there is any security patrols in business areas, if there are I haven't witnessed any security patrolling shopping centres in Kalamunda or the businesses on Haynes street.
210	More street security, more cameras and street presence in Kalamunda. More information on how to keep your property safe and uninviting.
211	More police presence / patrols

Respondent #	Comment
212	In some places shrubbery obstructs the view at road intersections. Speed limits are often ignored by many drivers. Lack of crosswalks in the City of Kalamunda.
213	1. Increased activities for youth - to provide them something to do 2. Increased CCTV 3. Increased road safety - reduction in speed limits. Hale and Tonkin Hwy has some awful accidents.
214	Tighter controls on "hooning" (for instance near Roe Highway and Kalamunda Rd intersection, and on other suburban streets). Greater community awareness of restrictions on use of dirt bikes and other vehicles on reserves and public open spaces. Encourage neighbours to get to know and communicate with each other, strengthen the street community, thus creating an informal "neighbourhood watch" where neighbours look out for each other; good old-fashioned neighbourliness.
215	More police Better lighting Better relationships between people living in the same street
216	
217	Police presence
218	1-do something about the meth heads that wander the suburb at night, breaking into our cars constantly. 2- do something about the guys on mopeds and pit bikes that ride through the Bush and alley ways to break into people's houses. 3-more permanent police presence
219	Footpaths alongside Carmel Rd where the blocks are smaller and close to the road. This would also link up to the rail heritage trail which currently requires you to walk around blind corners on the road No second or third items, Carmel generally seems very community minded and safe

Respondent #	Comment
220	<ul style="list-style-type: none"> - CCTV on all major Roads - Night Patrols - New L.E.D lighting to brighten the streets at night
221	CCTV, patrols, police presence

259	Upgraded street lighting Regular CBD patrols Manned police station

Respondent #	Comment
260	<p>Cars travel too fast on the side streets at night.</p> <p>Poor lighting and the speed the cars travel at means we get blinded taking a walk at night as most cars all use their main beams, about 25% use fog lights and occasionally some idiot uses driving lights. They could slow down so wouldn't need so much light.</p> <p>I'm uncomfortable with the way the lycra wearing cyclist obviously from outside our town use our main arterial roads. I don't want to stop the trade for our local business but the cyclist do not use our roads very safely and with no consideration to local residents trying to get from A to B in our suburb.</p> <p>Find ways to alleviate those three things and I'd feel safer</p>
261	
262	<p>lighting at night</p> <p>stronger police presence</p> <p>ensure casual surveillance is designed into new developments</p>

273	More lighting Security or Police presence CCTV maybe!
274	Increased Police Presence - more proactive patrols. afterhours security patrols similar to city canning/Belmont. use of portable trailer mounter cameras which can be deployed to problem areas when crime spikes occur.
275	Patrols during the day and night. We pay enough rates. The City should fund this. Too many break ins in the area. More important than spending money on beautifying Kalamunda Town centre
276	Lighting - more coverage Increased security at tourist style spots - lesmurdie falls, whistlepipe gully (cars constantly broken into) Patrols
277	The current police station needs to be manned 24 hours More energy efficient / brighter street lighting - most are too dim. More police patrols
278	security patrols at night. The drug dealing cleaned up on the Zig Zag. Security cameras in the town
279	more physical traffic speed restrictions such as speed humps & lane narrowing devices CCTV in public places to improve crime detection private security patrols to to improve crime detection and assist police
280	better street lights close off alley ways more police get rid of state housing
281	Security patrol

Respondent #	Comment
282	1: better lighting to coincide with cleaned up verges/walkways- where it is council responsibility not the home owner/s. 2: more of a security presence - through Police drive and walk through's. 3: Getting the Ranger to actually drive around after work hours / weekends to check on the amount of trucks parked up at residential properties (these become easy targets for break-ins).
283	The railway walk track lit up at night (waist height lighting so as not to disturb nearby residents) Discreet cctv around town centre businesses Have and enforce a no off lead dog policy throughout walking trails (except Jorgensen)

Once our neighbour gave them the licence number of the car that was hanging around at the time of an attempted robbery and as far as they could tell nothing was done about it.</p> <p>Better opportunities for kids to engage in non-sport related after school activities both locally and further abroad so there is less negative behaviour caused by boredom eg graffiti. That is, the bus from Kalamunda to Midland should operate on weekends so that kids can get to the train easily, and the bicycle path on old Midland Road that cuts out at the caravan park should be finished all the way to Midland, so kids can safely access the Perth cycle network.</p> <p>Also, hooning is a bit of a problem for some people in the neighbourhood. 361	The City of Kalamunda is far too great an area to have only one Police station to successfully cover the entire population. I would feel safer with Police walking the streets, patrolling the area or in small offices around the district. Council Rangers should have more responsibility patrolling in vehicles or on foot or in small offices dotted around the district. More surveillance cameras that are actually being monitored.
362	Brighter street lighting Stronger enforcement of speeding cars
363	police station, CCTV
364	A police presence, particularly on Fri/Sat nights when hoon activity peaks and during weekdays when rural crime is a regular occurrence. CCTV on our rural road.
365	More street lighting at the T junction at the on-ramp for Maida Vale Rd and Roe Highway. There are two entries and often at night and early morning, vehicles miss the appropriate entrance. Perhaps some reflectors on the curbing too.
366	Police presence would be great and turning up within 20 minutes of call to police would be nice. Not 2 hours later after the incident. Clamping down on hooning and more so speeding cars. Maybe permanent speed camera to deter speeding.
367	More frequent police, or security patrolling. Speed minimization devices put in on some of the main roads. Cameras that the Council can access easily in the event of a crime or complaint.
368	The intersection between Glyde Road/Canning Rd & Lawbrook Rd West. It's a very dangerous intersection & quite often cars come speeding along Canning Rd which doesn't give much time to safely cross from Glyde Rd to Lawbrook Rd West or vice versa. A roundabout would be safer.

1	The local facebook groups are a great place to hear about what others in the area are experiencing so you know what to look out for or be wary of (eg people coming to the door for a fake reason to see if anyone is home, whistling to check who has dogs etc) but this doesnt reach all residents like my parents who are not on facebook, local papers or notices at local shopping centres might be a good idea to reach them
2	
3	Remember that there are more suburbs in the city than Kalamunda - Forrestfield for one gets neglected by Kalamunda city all the time, especially where safety is concerned. Unless the residents see more proactive intervention from the city people will always feel that no one cares
4	With National Park behind us, on weekends we have no one to call for illegal tree felling. While it is DBCA responsibility, access to visible Ranger presence would assist
5	the amount of people that don't pickup their pet poo in the area at times is very poor

16	Although I can see the development and progression in Forrestfield; after living here over 12 months now I definitely feel as though Kalamunda gets all the attention and Forrestfield is left to its own devices more. I would like to see the town focus on encouraging or taking action on getting Forrestfield streets cleaner, with tidier yards. I definitely agree that the skip bin service is paramount to this however, I haven't been able to book a skip bin for 3 months in advance due to the service being completely booked out. I would absolutely love a green waste bin collection service alongside our recycling and general waste - this would help and I'd be glad to pay for it alongside the skip bin service! Our neighbours have taken the thoroughfare tidying in their own hands, seeing over 48 hours of gardening and waste disposal at their own expense.

55	I feel there are inadequate safe places for elderly people to cross Canning Road south of Kalamunda High School Current condition of main footpath areas of Haynes are a serious issue
56	My main problem is hoon drivers which are a real problem for Gooseberry Hill residents due to the popularity of the Zig Zag as a nighttime draw for young hoons. Excessive speeding along Williams street, especially after the pub has closed and young drivers full of alcohol then head to the Zig Zag. The noise created from the hoon drivers doing burnouts is excessive and extreme and the black tyre marks all over the road look unsightly leaving a very bad look for our lovely suburb.

59	We have had strange cars parked on roads adjoining ours from time to time. I photograph number plates and occupants when possible just in case there is an issue later.
60	Neighbours around us have all had theft of one kind or another over the years. We are determined to not look as though there is anything to take.
61	Graffiti seems to be a big issue and pops up in the same places on a regular basis.
62	
63	I avoid going out at night and I see too much road rage for my liking. Courtesy appears to be a thing of the past. To stop crime there has to be a change in the heart of those who are perpetrating the acts. No amount of legislation can bring that about.
64	
65	
66	A greater need for police presence and more adequate street lighting as I have noticed and reported a number of street lights not working and nothing has been done to date.
67	The higher the population density the higher the crime rate. This always happens so we may not continue to feel as safe for long.

70	I live in [REDACTED] where its ok but I have two shops in the Kalamunda CBD and its a different story for security. One shop was broken into 6 months ago (stole 3 cans of coke but the window they broke to get in cost me \$580.00) There are no a lot of homeless sleeping around the town site. Need more police presence or paid security.
71	I feel comfortable in my area but only up to a certain point. I am careful around the oval when a game is on as there are strangers present. I like to walk through the local bush fairly regularly during the day but theft is increasing and I have to be sure to lock up.
72	Without adequate security patrols or a local police station, the area will continue to be targeted by thieves.

93	We need our police station back. No police presence any longer. Crimes are getting smart to this
94	Business's in central Kalamunda seem to be a target so there should be better lighting at the rear in laneways, street and CCTV as a deterrent.
95	The amount of crimes being committed has increase dramatically in the last year. Its not because of social media sharing details, these platforms have been around for years. Im referring to break in local businesses, car theft and house burglary. We now double lock everything up, side gates, shed, everything valuable removed from verandahs. It was never like this before in the hills. Public surveillance cameras would be great on key streets.
96	Feel unsafe going for a walk in my area. Even in daylight hours. Stopped walking since I was being stalked by a slow moving vehicle with 4 male adults shouting sexually abusive language. Was also followed by a car with young men who tail gated mr all the way to my house.
97	Thankfully for us, our house is well protected.
98	In general the Shire has been improving over the last 20 years
99	Lots of hooning and burnouts in our area
100	Attempted theft, Council builds shacaigns on Wittenoom Rd to reduce the speed limits, however this was an expensive waste of time as it hasn't deterred trucks and people speeding. So unsafe for littles ones walking with parents, they are scared from the noise. Options from residents on this street would have been a good idea

102	There is a lot of hooning in the area especially on the weekend. Speed reduction measures could be installed in through roads in the suburb.
103	I think that in the semi rural areas of Kalamunda where blocks are very large it would be good to allow several ancillary residential buildings (tiny homes?). This may increase security. Affordable housing is difficult to come by and this may provide a solution too.

144	Kalamunda needs a police station again and regular patrols and even police on foot to as opportunistic criminals know that it will takes time for police to get up the hill. The next point I would like to address is the growing number of homeless people sleep rough and living rough in central Kalamunda. I really feel for them but it is not a great look for Kalamunda and quiet frightening at times. I think a homeless overnight shelter in the Walliston Industrial area or something similar would work for all and keep the central business district looking more attractive too.
145	
146	Less churches in residential areas!!
147	Small businesses in Kalamunda are continually being burgled and if this is not addressed they will eventually close. We need proper camera surveillance in this area as well as around community places like Ray Owen reserve. The city should look at employing a private security company to do regular patrols. It would be useful for residents to be made aware of scams or security concerns in the area via a social media platform or a link on your web page.

It is constantly being used as a gateway for young people to jump into the caravan park behind us where people's belongings are stolen and removed from the property via the vacant block. We have removed countless pieces of furniture used to assist people to jump the fence. We contact the caravan park so they can notify their security every time we are aware people are jumping the fence. COK have been notified yet nothing has been done. 245	The ZigZag feels particularly unsafe. Cars travel fast and seem quite likely to hit people / wildlife. We were held up last night (30/7) as a white Micra had gone over the edge around 15m down a very steep bank and had to be pulled out with a tow truck. Luckily no one seemed hurt and the car drove off. Car was part of a group and the teenagers all seemed to know each other and many seemed intoxicated. The truck blocked the road so many cars were held up. A lot of antisocial behaviour and noise throughout the length of the ZigZag (many different groups) that made it a less pleasant experience for many others. Drinking and speeding are two of the most noticeable difficulties in this area. Cars tailgate and intimidate when driving at a speed fitting the conditions.

274	
275	The standards in High Wycombe have decreased immeasurably since I came to the suburb over 30 years ago. Town planning shows no consideration to current residents wishes. 283	I have felt safer in the City of Kalamunda than in any other place I have lived. I have put that down to the village atmosphere it has up here so hopefully than can be retained. There have been a few reports of people approaching children though recently and I think cctv on the major roads in and out (& around) the area might help catch anyone. 299	From the above, am I correct in assuming Surveillance is on the agenda? I DO NOT AGREE with this, if that is the case. Surveillance does not make the place safer, it provides SOME often dubious evidence but does not prevent an act being committed in 99.9% of cases. All it does do is add more costs to our rates, which are already high enough.

367	I believe that Wattle Grove is a relatively safe area with many benefits. The greatest area of concern for our family is the number of aggressive and speeding drivers in the area, and the amount of theft in the area.
368	
369	We need a police Station - its a no brainer. Police response times are terrible and people I talk to have no confidence in Police attending in time.
370	There is plenty of bus stops which have not been updated or cared for since they were installed many years. ago. No seats, no shade, uneven footpaths. Roads are in disrepair, Maida Vale road will be a main traffic route once the Forrestfield train station is complete and it's the only road I've ever seen have weeds growing between the actual road surface and the kerb.
371	
372	
373	
374	Why does it take years to settle the problem at the very end of Tanner Road? Trucks (e.g. in an emergency fire trucks!!) still can't turn. Rate payers pay a special waste truck to serve our area. Is this fair?
375	Hoons doing burn outs on Tanner Road and Mottram Road
376	Listen to the residents and DO SOMETHING about this growing problem.
377	Burglary in Tanner Rd last week. A burglary seems to take place every 12 months on Tanner, Motram or Welshpool Rd.
378	Heaps of rubbish on my front lawn every day from fast food outlets - mostly McDonald's.
379	
380	
381	Over a year ago we had number plates stolen from car.
382	
383	Unused car park beneath old Mead Medical Building has become a "hangout" and attracts antisocial behaviour.

Respondent #	Comment
	Alleyway from Canning Rd to Burt St attracts antisocial behaviour.
384	
385	
386	
387	Occasional hooning/burnouts noises in close vicinity of my house, once or twice every 8 weeks.
388	I feel that Kalamunda is definitely going downhill in it's tranquility, there's been a very definite shift up here when it comes to antisocial behaviour, I've had verbal abuse from some strange man while driving out of the Coles car park, he was on the side of the road just behaving very strangely and verbally abusing drivers.

398	It's a shame that Lower Lesmurdie Falls in Forrestfield is a hot spot for crime. This special place should be embraced by our community as a safe place to show off to visitors. But right now it portrays a negative image. The area must be redeveloped to include an eco cafe with toilets to encourage daytime passive surveillance. At night the area should be closed off by installing a gate at the intersection of Palm Tce and Waterfall Road.
399	There is huge motorcycle noise in the suburb which is done intentionally by someone.

415	Kalamunda is no longer the peaceful haven I grew up in. I cannot walk my dog on the footpath as there are (some) people who walk theirs off-leash. I find this stressful.
416	hooning at roundabouts and junctions is ongoing and a nuisance
417	Increased noise on Saturday nights coming from club building due to placing sound equipment outside under canopy long after midnight.
418	Improve communication between the police and community
419	Far more people are injured or killed on Kalamunda streets than in other ways
420	
421	Footpaths need to be checked some are dangerous for walking, not flat also walkways.

440	The hooning activity has improved but requires traffic calming devises to reduce speed. DOGS- why are people allowed to ignore these rules
441	I would like to take my kids to the skate parks in our shire more often but the people are hanging around using disgusting language etc. The amount of break-ins in Kalamunda central is distressing bigger police presence would be great.
442	
443	we will not tolerate graffiti in our area
444	All walk crossings should be made designated cross walks. Current situation causes confusion with drivers and pedestrians. Its only a matter of time before someone is seriously hurt or killed.
445	high powered cars and motorbike speeding

446	Bring the community together more. I know the city holds large events within the city, maybe smaller events will be better for communication between the suburbs.
447	Yes, get on with age care!
448	
449	
450	We are aged between 85 and 90 so do not go out at night or travel widely in our car in our suburb. The street would be quieter if the speed hump in [REDACTED] opposite prospect park was removed.
451	Not everyone uses internet like me, please consider this when sending out literature that requires comments from us.
452	
453	My section of [REDACTED] is frequently used as a race track for noisy cars. Another speed hump might help. Biggest disturbance to peace- DOGS BARKING
454	Falls road has regular speeding cars
455	
456	this survey form should have contained details on how to submit it
457	hoon driving needs to be dealt with (Lascellas parade- Gooseberry hill)

Business Survey Results

The survey was popular with a total of 565 submissions, 530 responses submitted by households and 35 responses submitted by businesses.

Question 1. Please indicate whether you disagree or agree with the statements below

Question 2. List three things that you feel would increase security for your business.

Respondent #	Comment
1	Greater police presence. Less burglary.
2	More police presence especially around the bus depot during the days There are some homeless people hanging around who are making us feel uncomfortable.
3	Police presence Security Patrols
4	Patrols and cameras that work in the mall. It isn't just the break ins at night time, we have an increasing amount of homeless asking people for money in the mall and outside the sliding door to the shopping centre (mall side). They also smoke dope outside of the shops in the middle of the day. There is also an increasing amount of Kalamunda High students also asking people for money.
5	Police presence reopen police station at kalamunda Better CCTV
6	Better lighting More police patrols More community crime prevention seminars
7	More CCTV Security patrols Police patrols
8	
9	Cctv
10	A police presence. CCTV. Police liaison with the community.
11	a great relationship with my neighbours =)
12	* Kalamunda needs a police station. * overnight especially between 2-4 am its better police car drive around the streets. * more lighting especially around the shops.
13	1. More street lighting 2. More of a security/police presence. 3. More surveillance

Respondent #	Comment
14	Night time Patrol Kalamunda High stopping kids roaming during the day...(feedback to me from the elderly) Oh and night tim patrol
15	More CCTV in the CBD Increased police presence
16	Police station in Kalamunda CCTV in more areas more lighting at night
17	more cctv police presence increased more security patrols (early morning)
18	More patrols Cameras in the mall better lighting police station in Kalamunda (criminals know we are an easy target)
19	CCTV in CBD Improve lighting in central mall Night security or police patrols
20	improved street lighting more police patrols neighborhood watch/community building
21	more police patrols (on pension days) more police presence at shopping centre

3	13 Kennedya Road
4	Homeless drug affected people sleeping behind Kads theatre and Coles service entrance need to be moved on. Two of them were getting violent over a sleeping spot and one yelled at the other one that they were only up here to break into the businesses in Kalamunda.
5	
6	
7	
8	Have had theft of cash from our business 3 times, convicted offender on 3rd occasion who was an ex staff member on meth. Likely to have been him the first 2 times.
9	
10	We have had multiple burglaries in 15 years, including vehicle theft, property damage, malicious damage. The lack of a police presence in the Hills is an open invitation to thieves who now know they have plenty of time to cause maximum damage on rural properties, with no consequences. There is never any follow up or resolution.
11	
12	Kalamunda is not a safe place anymore like in the past, instead of having lots of coffee shop in a small area, Kalamunda need a police station
13	Our business is new to the area, so whilst we haven't personally experienced crime, many of our neighbouring businesses have, and repeatedly. We moved up from Midland, and ironically, I feel my business was safer there. I was so excited to bring my business back to my home town, a place I am passionate about, but find the local crime against businesses most disconcerting. I am nervous about leaving our unit daily, and hesitate to frost windows for privacy in case thieves believe this means we are concealing valuable items.
14	Having spoken to sooooo many about the affect crime has on business when the sun goes down.....cameras are not a deterrent. It's called a head to toe disguise. We need a physical presence during the times of midnight to dawn.

15	
16	Older community, the elderly need to feel safe
17	
18
