BOYD, Lesley

Serving our community over the last 4 years has been privilege, one I remain committed to. In 2017 I promised to be available, to listen, to understand and to advocate on your behalf. I've been doing that and want to continue to be your local representative. I will continue to strive for the best and fairest outcomes in all situations. My resolve is strong and my energy even stronger.

With years of experience as a police officer I am acutely aware of the issues within our community which is why I reinstated the Community Safety & Crime Prevention committee. Coaching at the Forrestfield Football Club, I see the challenges our youth face so I continue to advocate for, support and promote increased funding for programs that engage our youth, support our families and enhance our way of living.
