---

## MISKIEWICZ, Kellie

My husband and I have made Wattle Grove our home. I'm a proud wife, mum and step-mum. My daughter attends Wattle Grove Primary and loves being a Cub Scout in our local area.

I work in the disability sector and have personal, lived experience with special needs and disability. This is where my motivation and drive stem from.

I will continue to support established community groups and local sporting clubs in Forrestfield, listening to their future visions of our clubs and facilities.

I'm passionate about bringing our community together and promoting social inclusion. As mental health issues rise, this has never been more important. By increasing community events, this encourages local people to connect with each other.

A connected community, creates a strong and safe community for everyone.
