Council to REDUCE expenses by working smarter to eliminate wasted spending and “vanity” projects putting the money to better use locally.

Council to do much more to reduce the impact on young families and seniors of our “cost of living crisis”.

Common sense, getting back to basics, and focusing on things that really count in our suburbs.

Much better maintained local suburban Council verges, median strips, Parks and Public open spaces etc.

Better law and order outcomes to significantly reduce CRIME, anti-social behavior, graffiti, hooning/dangerous criminal DAMAGES and illegal verge/ park, dumping and littering.

Stronger and more efficient cooperation between Rangers and local Police using real crime prevention strategies and state of the art audio / visual equipment and much more frequent mobile patrols.

Protecting the hard fought freedoms of our great Australian way of life.

Im involved in the RSL , Surf lifesaving and have been a vouter to other groups in the past. Im a member at Yoseikan Budo/Karate in Forrestfield, my daughter goes to Kumon in wattle grove and my Son does soccer at Hartfield.
