

Candidate Details

Ballot paper name	CASWELL, Benjamin
Candidate name	Benjamin Sydney Watt CASWELL
District	City of Kalamunda
Nominating for	Councillor for North West Ward
Election type	Ordinary
Enrolment status	CASWELL, Benjamin is eligible to stand for election as a resident of the City of Kalamunda.

I have seen High Wycombe and Forrestfield transform from sleepy outer suburb communities into busy suburban hubs accommodating well over 10,000 residents each. My family (the Caswell/Adamson Clan) have been based in High Wycombe over 20 years and, by extension, Forrestfield for over 40 years.

I stand as I believe the North-West Ward needs a strong voice on council to ensure there is appropriate development and ample infrastructure for our growing suburbs. I currently volunteer as a member of Lions International. I have served on several club committees including a 3 year term as treasurer and attend church in Forrestfield. I believe these skills will assist me in connecting the community to the council process.

My Platform

- Commence the High Wycombe Active Transport Network
- Increased covered community spaces
- Improved transparency over rates and the Council Budget
- Promote appropriate development
- Support sustainable outcomes in planning (including better waste management)

Social Network Address: Benjamin Caswell - Candidate
North West Ward Kalamunda

Additional Information

Expansion of information in my original profile:

I have served on club committees on a volunteer basis that have had a focus on service and conservation.

I believe in commencing the High Wycombe Active Transport Network to better link our growing suburb to key hubs such as High Wycombe Train Station and to Forrestfield. This would involve wider footpaths for mix pedestrian/bike use, among other projects.

Covered infrastructure initiatives include promoting sail shades for all park equipment to ensure the safety of our children using these facilities during summer. High Wycombe and Forrestfield have a lack of covered and outdoor facilities that can be used in inclement weather. I propose the covering of Fleming Reserve Skate Park, as one example, and other facilities appropriate community locations.

This additional information is for the candidate Benjamin Caswell contesting North-West Ward in the City of Kalamunda.
