My name is Mitchell Ferguson and I am running for South East Ward councillor. I was born in Kalamunda Hospital, Went to Falls Road Primary and Lesmurdie Senior High School. I've grown up here and hope to grow old here too.

Goals

I would petition to:

- Redevelop our roads with needed roundabouts and better speed enforcing infrastructure.
- Protected cyclist infrastructure on our main roads.
- Pedestrian infrastructure such as pedestrian crossings, footpaths on *both* sides of the road, drink fountains & benches.
- Extension of gas and sewage lines.
- Create/Revive third places. This means park redevelopment and better funding for local businesses.

Our Ward is full of active people, young families and aging seniors. So why is it our Ward is so unfriendly to anyone outside a car? We have no permanent pedestrian priority crossings and our parks are commonly overgrown and under developed. I hope to change this and make our community better for everyone.
