I am a local mother with two young people at LSHS, who has many fond family memories of the hills from childhood and feels very fortunate to have lived in Lesmurdie for the past 4 years.

As a qualified lawyer specialised in financial services risk management and regulatory compliance, I have extensive experience listening, solving complex problems, providing support and advice to people from all walks of life- from vulnerable clients and consumers to business leaders and boards. A theme throughout my career is a demonstrated passion for helping organisations embrace ethical conduct and practice good governance.

I will bring these skills and interests to the Council and will work to create opportunities for all local residents and businesses to be better supported, connected and heard, whilst protecting everything that makes the hills special.

If you want someone to champion integrity and good outcomes for residents, please vote for me to be your voice in Council.
