

Candidate Details

Ballot paper name

MARTIN, James

Candidate name

James MARTIN

District

City of Kalamunda

Nominating for

Councillor for South West Ward

Election type

Ordinary

Enrolment status

MARTIN, James is eligible to stand for election as a resident of the City of Kalamunda.

I have lived in the city of Kalamunda for 31 years, and over the years, I have seen it change. We have a vibrant community that brings together people of all different kinds, and that is something that should be celebrated.

My involvement with several community-based organisations in the area has given me an understanding of the challenges they face in just keeping the lights on. The community facilities across the city of Kalamunda are tired, aging, and ill-equipped. This is especially an issue across the foothills.

As a teacher working at several schools in the area, I believe that the council can and should be doing more for the youth in our area. More out-of-school programs for young people in our community, as well as greater support for local sport, both junior and senior.

If elected as your representative to council, I will work with commitment and integrity in the best interests of our community.
