

Candidate Details

Ballot paper name	SZOMBATHY, Andrew
Candidate name	Andras Tamas SZOMBATHY
District	City of Kalamunda
Nominating for	Councillor for North Ward
Election type	Ordinary
Enrolment status	SZOMBATHY, Andrew is eligible to stand for election as a resident of the City of Kalamunda.

I've lived in Kalamunda for over 20 years with my wife and 2 daughters, with a connection to the area since 1984. My reason for nominating for the role of councillor is simple: I want to work with our community to **advocate** for better value for the rates we pay and **attract** more people to see our beautiful hills and valleys, from cyclists and hikers right through to weekend car cruisers.

To encourage dual usage we must **improve** our amenities – fixing tight, aging, unattractive roads and continuing to improve our facilities, parks and public spaces.

I've lived on Gooseberry Hill Rd since 2011 knowing first-hand the dangers that arise between cars and cyclists. I will use that experience to help improve **safety** and **harmony** on our roads.

I'm a Heavy Mechanic, now in a training role where I enjoy sharing my knowledge, especially around safety.

What you see is what you get. **Honesty** and **Integrity**. No hidden agendas. I just want the **best** for residents of the City of Kalamunda.

Additional Information

My family and I live in the Flats of Kalamunda, but not in the swamp of Wattle Grove or High Wycombe, yet all our areas are the same. With current investment into our airport, I will aim to voice attention to the upgrading of our image to the visitors, through our connection of the High Wycombe train station to the airport and possible ways to bring visitors our way, to increase tourism and spend in our city. We don't have a beach, but we have a view, we should showcase it.
