Priorities

Footpaths &

cycleways

Safety

**Streetscapes** 

**Economy** 

Sport & recreation

Character &

identity

## Local community recommendations to address top priorities

## Playgrounds and reserves

- Improve maintenance and upgrade facilities
- 2. Make parks and playgrounds more engaging with more nature areas, youth activities and exercise equipment
- 3. More dog friendly parks and exercise areas

## Footpaths & cycleways

- Provide dedicated cycle paths and lanes to improve safety
- 2. Improve connectivity
- 3. Repair and upgrade footpaths
- 4. Improve walk trails and signage
- Network of mountain bike trails to protect native bush

#### **Streetscapes**

- Proactive and regular maintenance of verges and street trees to improve appearance and safety
- Plant more trees; replace dead, inappropriate trees
- Create a consistent sense of place, more beautification

#### **Character & identity**

- Review planning policy to preserve and maintain local character and identity (complementary scale and design; manage subdivisions)
- Re-create a vibrant, attractive and inviting community / shopping hub and town centre

#### **Safety**

- Increased Police presence / security patrols to address break-ins, hooning and antisocial behaviour
- 2. Establish a local Police station
- Install more CCTV, improve street lighting and more traffic calming

#### **Traffic**

- . Improve intersections to keep traffic flowing safely (lights, roundabouts, overpasses)
- Slow down traffic on local roads (modified speed limits, traffic calming, signage)
- 3. Modify roads to restrict access
- 4. More pedestrian crossings

#### **Economy**

- Greater support for local businesses - revitalise shopping areas, restrict large / chain stores (mixed views), easier approvals for new ventures
- New and restored tourism attractions
- 3. More local job opportunities

### **Sport & recreation**

- Upgrade the aquatic centre
- Upgrade the gym and recreation centre and improve range of activities
- 3. Provide more facilities (e.g. skate parks, extra basketball courts, etc)

# Recommendations to support the community through the COVID-19 pandemic

The community would like the City of Kalamunda to support people through the COVID-19 pandemic by focusing on four priorities:

- 1. Caring for those with greatest needs
- 2. Timely and relevant communication
- 3. Helping to ease the financial burden
- 4. Ensure public health safety

"As there are a lot of retirees in our community and many who are single they need extra help in this situation. Particularly with medical needs and shopping where necessary. Find volunteers willing to assist in these areas. Advertise meal deliveries where necessary."

"Encourage and if necessary enforce the social isolation rules."

"Providing regular updates and direction for community health, and also on progress of City projects to retain a sense of familiarity and comfort that life is still continuing as normal despite new adjustments."

"Show leadership, be a positive example, give hope for the future, give people something to look forward to in the aftermath."

## How you do feel the City of Kalamunda could best support the community during the COVID-19 pandemic?

% of respondents

Approach

### Purpose

DLGSC's Integrated Planning and Reporting Framework requires local councils to review the **Strategic Community Plan** at least once every two years.

## MARKYT Community Scorecard

The City of Kalamunda commissioned a MARKYT® Community Scorecard to:

- Support a review of the Strategic Community Plan (SCP)
- Assess performance against objectives and key performance indicators (KPIs) in the SCP
- · Determine community priorities
- · Benchmark performance

#### Kalamunda Advancing 2027

Strategic Community Plan

Connected Communities, Valuing Nature and Creating our Future Together

### The Study

The City of Kalamunda commissioned CATALYSE® to conduct a MARKYT® Community Scorecard from 23 March to 14 April 2020.

Scorecard invitations were sent to 4,000 randomly selected households; 1,000 by mail and 3,000 by email.

**483** randomly selected residents and ratepayers completed a scorecard reducing the sampling error to ±4.5% at the 95% confidence interval.

The City of Kalamunda provided supporting promotions through its communication channels. A further 32 residents, 25 out of area ratepayers and visitors, and 14 Council affiliated respondents participated bringing the total to **554 respondents**.

As analysis of results showed significant differences between these groups, the main body of this report presents responses from the random sample of residents only.

The final dataset was weighted by age and gender to match the ABS Census population profile.

Data has been analysed using SPSS. Where sub-totals add to  $\pm 1\%$  of the parts, this is due to rounding errors to zero decimal places.

% of respondents (random sample, weighted)

ATSI = Aboriginal and Torres Strait Islander LOTE = Language other than English

## MARKYT Industry Standards

CATALYSE® has conducted studies for 60+ councils. When councils ask comparable questions, we publish the high and average scores to enable participating councils to recognise and learn from the industry leaders. In this report, the 'high score' is calculated from **WA Councils** that have completed an accredited study with CATALYSE® within the past three years. Participating councils are listed below.

#### Metropolitan

Regional

Shire of

Plantagenet

Shire of Murray

## MARKYT Industry Standards | similar councils

To compare 'apples with apples', subset benchmark analysis has been conducted against similar councils who have conducted the study in the past four years. The City of Kalamunda wished to compare itself to the Town of Bassendean, City of Kwinana, City of South Perth and Shire of Mundaring. The Shire of Mundaring's most recent study was in 2011, making it outdated for this purpose. The following councils have been included in this analysis:

### How to read the performance charts

#### **Performance Ratings**

The chart shows community perceptions of performance on a five point scale from excellent to terrible.

The **Performance Index Score** is a score out of 100 using the following formula:

In effect, the Performance Index Score converts the average rating into a zero-based score out of 100.

| Score | Average Rating |
|-------|----------------|
| 100   | Excellent      |
| 75    | Good           |
| 50    | Okay           |
| 25    | Poor           |
| 0     | Terrible       |

**Positive rating** equals 'excellent' + 'good' + 'okay'

**Trend analysis** shows how performance varies over time.

**Variance across the community** shows how results vary across the community based on the Performance Index Score

MARKYT® Industry Standards show how Council is performing compared to other councils.

**Council Score** is the Council's performance index score.

**High** is the highest score achieved by councils in WA that have completed a comparable study with CATALYSE®.

Average is the average score among WA councils that have completed a comparable study with CATALYSE<sup>®</sup>.

# Overview of Community Variances

## Overview of community variances

Performance scores tended to be higher among:

- Non-home owners
- Residents in Forrestfield for the built and natural environment

Performance scores tended to be **lower** across a number of service areas among:

- Families with younger children (5 years or younger)
- People who mainly speak a language other than English
- Residents in Wattle Grove, Maida Value and High Wycombe

Variances were also noted across individual service areas (highlighted overleaf).

## Summary of community variances

# Summary of community trends

## MARKYT Community Trends Window TM

The MARKYT® Community Trends Window shows trends in performance over the past two years.

In the City of Kalamunda's Community Trends Window, detailed overleaf, most services are ideally located in Window 1. They are higher performing areas that continue to improve. The **stand out improvers** are:

- City's online engagement tool (up 9 points)
- Natural disaster education, prevention and relief (up 6 points)
- Parking management (up 6 points)
- Customer service (up 5 points)

Window 2 includes lower performing areas that are improving. Celebrate progress and continue to work on areas such as how the community is consulted.

Window 4 includes lower performing areas in decline. The main concern is coverage of City related issues in the local newspaper, followed by youth services, safety and security, and economic development.

## MARKYT Community Trends Window TM

1 Value for money2 Council's leadership

3 Open and transparent

# Local community priorities

## MARKYT Community Priorities Window TM

In the City of Kalamunda's Community Priorities Window, detailed overleaf, most services are ideally located in windows A + B. They are high performing areas, receiving average ratings between okay and excellent.

Perceived **strengths** in Window A (green dots) include:

- Weekly rubbish collections
- Walliston Transfer Station

Moving forward, the community would like Council to **prioritise** services and facilities in Windows F + G (orange dots):

- Playgrounds, parks, reserves and ovals
- Footpaths and cycleways
- Streetscapes
- Area's character and identity
- Safety and security
- Traffic management
- Economic development
- Sport and recreation centres

Other **lower performing areas** to address, where average performance is below okay (Window C, yellow dots), include:

- Value for money
- Council's leadership, openness and transparency
- How the community is consulted and informed
- Youth services
- Disability access
- Planning and building approvals
- Access to education and training

- 45 Natural disaster education, prevention etc.
- 46 Animal and pest control
- 47 Food, health, noise & pollution mgt

## **Community Action Plan**

## Playgrounds, parks, reserves and ovals

### **Challenges**

- Parks and public spaces are in poor condition
- Stirk Park has been specifically mentioned as having poor maintenance and facilities
- Some mentions of concerns with parks in outer suburbs (e.g. Forrestfield and Kalamunda)
- Parents are dissatisfied with the quality of park facilities for children and families
- There is a lack of facilities and activities for youth

#### **Community Driven Actions**

- 1. Improve maintenance and upgrade facilities at local parks and public open spaces
- 2. Provide natural community spaces
- 3. Make parks and playgrounds more engaging
- 4. Provide more activities for youth
- 5. Improve exercise equipment at local parks
- 6. More dog friendly parks and exercise areas

#### **Community Voices**

"Maintain parks and recreation grounds, most are in a terrible condition and unfinished."

"All the parks I go to with my kids need a lot of maintenance. It would be good to see parks upgraded and maintained."

"Retention of trees, bushland, natural landscapes... Retention and upgrading of public open space.

"Outdoor community areas. Would love to see a great playground and BBQ area in Forrestfield."

"Improved facilities for kids like interactive playgrounds, cycle trails, nature scapes etc."

"Parks for children and youths to play on. Stirk Park is the most easily accessible one for our children to ride to..6yrs, 10 and 13. They won't play there and I really can't blame them."

"Develop an adventure playground in Stirk Park and improve the existing playground there."

"A more interactive playground for older kids."

"Providing suitable leisure activities for children and youth e.g. a skate park and bicycle area near green parks. A fenced dog exercise area in Kalamunda or Gooseberry Hill."

"Put as much effort into parks etc. in other suburbs to match the standard in Kalamunda itself. Some parks look so neglected. Also hope a dog park goes ahead as its really needed."

## Community Action Plan

## Sport and recreation facilities

### **Challenges**

- The pool, gym and recreation centre are not meeting community needs
- Lack of recreation and fitness opportunities to meet different community needs (e.g. youth, adult, seniors, outdoor fitness, etc)

### **Community Driven Actions**

- Provide an upgraded aquatic centre with an indoor facility, heated pool, hot showers and affordable pricing, that is open year round
- Upgrade the gym and recreation centre and provide an improved range of activities
- 3. Provide more facilities (e.g. skate parks, extra basketball courts, etc)

#### **Community Voices**

"The Kalamunda pool. Needs upgrading in the present position.

Heated all year facility with hot showers."

"Indoor pool/aquatic centre in the city of Kalamunda. The current pool facilities in Kalamunda are only seasonal, expensive and open times limited. City of Kalamunda needs to invest in our families and encourage us to want to stay."

"Updated recreational facilities such as an indoor swimming pool and gym / community centre."

"Gym facilities at the top of the hill (Kalamunda) such as live longer stronger program."

"Improving the recreation facilities. The current gym in Forrestfield is small and needs updating."

"Get a decent leisure centre built that has a pool that is usable and open the same hours as Beatty Park. I live in Kalamunda but all services I utilise are outside of the area because of such poor services. Crappy gym that is never open on weekends and is set up for seniors/pool that is a disgrace and never open at times that allow you to lap swim before or after work."

"Update Kalamunda water park, Ray Owen upgrade to more courts."

"Hartfield Recreation Centre needs to be 'Bulldozed' and start again! (Mills Park Beckenham is a great example). Aquatic Centre in Wattle Grove."

"Half court basketball areas around suburbs, one at Kostera Oval would be fantastic or allow access to high school courts. Hurry up and complete skate park, and if no money for now then add/upgrade to existing one in Camning Rd. Believe me the kids want a better skate park now! And the existing site is still fit for purpose."

# Community Action Plan Streetscapes

#### **Challenges**

- Trees and verges are unattractive and overgrown in some areas
- Unsightly
- · Restricts footpath access and impairs views
- Poor weed management
- Fire hazards
- Lack of trees in other areas

### **Community Driven Actions**

- Proactive and regular maintenance of verges and street trees (mowing, tree pruning, rubbish removal, etc) to improve appearance and safety
- 2. Planting of street trees, and replacement of dead and inappropriate trees
- 3. Create a consistent sense of place with planning policies and beautification of streetscapes for residential and commercial properties

#### **Community Voices**

"Streetscape on major roads ugly especially Lesmurdie and Kalamunda road verges."

"Clearing trees off side of road where traffic coming up to driveways, impairing view and almost causing accidents. Removing huge trees overhanging houses."

"Council needs to have a plan to visit and treat all street trees and verges without having to be told by ratepayers they need attention."

"Cleaning of verge along Kalamunda Road from intersection of Scenic Rd to around about, (1st) in Kalamunda, cutting, trimming growing trees and weeds causing a fire danger."

"Improving residential streetscapes i.e. planting of trees on verges where there is no trees."

"Brighten up our main streets and tidy up unimproved lots - many are fire hazards. Keep up a better street tree maintenance program and/or encourage and allow residents to trim trees etc themselves. Be proactive about street tidying rather than reactive."

"Improving the quality of streetscape, verges, tidiness and historical character of Kalamunda. We look rather scruffy at the moment with scruffy verges, weeds, leaf litter, poor road and pavement surfaces and lack of overall visual coordination throughout the village of Kalamunda."

"Area beautification and fixing up all the eyesore properties around the main town."

"Looking after the "outer" suburbs. Would like to see areas like Forrestfield and High Wycombe cleaned up. Verges cared for."

"Making High Wycombe look respectable like Kalamunda. Not approving shabby looking housing estates and fences like the ones corner of Wittenoom and Kalamunda Rd.

Terrible introduction to High Wycombe."

## Community Action Plan

## Footpaths and cycleways

## **Challenges**

- Footpaths are considered to be dangerous in some areas due to poor maintenance and overgrown plants along verges
- Poor pedestrian and cyclist access along major roads and in the town centre
- Issues with cyclists and cars sharing the road
- Some mentions of issues with mountain bikes riding through native bush

### **Community Driven Actions**

- Provide dedicated cycle paths and lanes to improve safety for all users
- 2. Improve footpath and cycleway connectivity
- 3. Repair and upgrade footpaths (surfaces, width of paths, and clean up verges)
- 4. Improve walking trails and signage
- 5. Provide and promote a designated network of mountain bike trails to protect native bush

#### **Community Voices**

"Footpaths and streetscape in the Kalamunda town centre, Haynes Street footpaths are a danger and been that way for years with just "patching" undertaken."

"Upgrade and maintain footpaths to a good standard."

"Improving infrastructure for cycling and walking, especially for local residents."

"Footpaths along main bus routes - particularly Hawtin Rd."

"The footpaths on Sultana Road East are non-existent, making it difficult to walk with a pram. I would love to see better parks and safer streets to walk on with the right accessible footpaths."

"Extend the footpath in Huntly St, GH for parents and children so they don't have to walk on the road."

"Cycling infrastructure to link the hills to city cycleways e.g. a dedicated cycle lane on Welshpool and Canning Rd."

"Improved access to the central areas without the need for a vehicle. Better internal public transport to local areas and cycle paths on main roads, e.g. Canning to support more sustainable modes of transport."

"Get designated paths for road cyclists or get them off the roads. Ban mountain bike riders from Jorgensen Park and Kalamunda National Park."

"Improve and signpost walk trails."

"Roads/cycleways/footpaths, Mountain bike trail networks/tourism opportunities."

## Community Action Plan

## Area's character and identity

### **Challenges**

- Kalamunda is losing its identity as being a "home in the forest"; losing the country town, village, hills vibe
- · Main shopping area is unattractive
- New building design in the town centre is inconsistent

### **Community Driven Actions**

- Review the planning policy to preserve and maintain the local character and identity:
- Commercial developments to be consistent with the historic character of the town centre
- · Maintain residential block sizes; restrict subdivisions
- · New housing to complement the surrounding area
- Re-create a vibrant, attractive and inviting community and shopping hub in the town centre

#### **Community Voices**

"Retaining and improving the unique character of Kalamunda in its buildings and streetscapes especially in the town centre e.g. by not allowing buildings of more than two storeys in the centre, by planting more street trees."

"Keeping our town centre looking inviting not dumping any old building that doesn't fit in with the built environment."

"Maintaining character, no more A-One or Centro approvals preserve Haynes Streetscape."

"The Village looks uninviting with all the mixed facades and run-down buildings. Let's clean it up and make it consistent. You can maintain the heritage aspects in modern buildings which would make for a much more appealing place to come. And please make the owners of that vacant block next to the Drop do something with it, it is an eyesore."

"Township needs improvement. No more units. Remove Red Rooster it is an eyesore first thing you see when coming into Kalamunda."

"Please retain our Home in the Forest and our village atmosphere, it's what makes the area unique."

"Control of development. I have lived here over 40 years and have seen "a home in the forest" turn into a very average looking suburb."

"Keeping a country, village style/feel within a hills environment. Stop the modernisation! Stop reducing block sizes in Kalamunda, Gooseberry Hill and Lesmurdie."

"The City of Kalamunda should focus on keeping as much bushland and larger properties as they are. No more subdividing of larger blocks. We have a lot of wildlife around our area that need all the bushland they can get to survive. Our area used to be like a little country town, and it is quickly changing due to all the subdivisions. Please don't allow the property developers to destroy what is left of our bushland."

# Community Action Plan Safety and security

## **Challenges**

- Crime in residential areas break-ins, burglaries and theft
- Break-ins of local businesses
- Hooning and antisocial behaviour

### **Community Driven Actions**

- 1. Increased Police presence
- Establish a local Police station
- 3. Security patrols
- 4. Install more CCTV
- 5. Improved street lighting and traffic calming

#### **Community Voices**

"Improve safety in the area, especially considering the recent sweep of break and enters to local shops. A police presence would be helpful."

"Worrying number of break-ins to local businesses."

"There also needs to be better police presence in the hills as there is too many B&E's happening."

"We need local police as a priority."

"More police patrols, a police station, far too many break-ins."

"Increased drive by security and street surveillance."

"More focus on anti social behaviour within the shire with additional security patrols."

"Security in the form of a central police station and more CCTV."

"Increased police presence... Security cameras at intersections leading out of the areas to assist in solving crime..."

"Police presence and availability in order to reduce antisocial behaviour mainly on the roads but also with property damage and break-ins."

"Taking hoons off the road more police out there to stop the bad behaviour."

"Getting speed humps in your street to prevent hoons."

## Community Action Plan

## Traffic management on local roads

### **Challenges**

- Population increase has led to more traffic congestion
- Heavy vehicles driving through the area, and taking shortcuts through residential areas
- Speeding and hooning on local roads
- Issues with pedestrian access across main roads and in the town centre

### **Community Driven Actions**

- 1. Improve intersections to keep traffic flowing safely (roundabouts, lights, overpasses)
- 2. Slow down traffic on local roads (modified speed limits, traffic calming, signage)
- 3. Modify roads to restrict access (e.g. Zigzag road, Haynes Rd, local traffic only in suburbs)
- More pedestrian crossings; replace speed bumps in town centre with pedestrian crossings

#### **Community Voices**

"Traffic management through Forrestfield particularly access to Tonkin Hwy."

"Traffic management - increase in units has increased vehicles in Kalamunda area. More roundabouts to allow residents to access Canning Road safely instead of taking risks."

"Install round about on corner Canning Rd and Seymore Rd."

"Tonkin Hwy / Welshpool Road intersection overpass required."

"Diverting all types of heavy vehicle traffic away from residential areas."

"Speed of traffic through Kalamunda, stop huge trucks taking a short cut through Kalamunda."

"Action required immediately and ongoing on improving continual hooning on Williams to Zig Zag."

"Speed enforcement its terrible around the local area. Back street LED signs slow down."

"Speedhump to slow down vehicles in new infill areas."

"Reduced road speeds on Canning Road to facilitate the elderly, disabled, and children crossing the road."

"Addressing the dangerous situation on Haynes St in regard to crossings that look like pedestrian crossings but are not."

"More pedestrian crossings FEWER SPEED HUMPS - very confusing!"

## Community Action Plan

## Economic development

#### **Challenges**

- Local shopping areas are unappealing poor overall appearance, vibrancy and range of retail options for visitors
- Local businesses are struggling or have closed
- Lack of local job opportunities

#### **Community Driven Actions**

- 1. Greater support for local businesses:
- Revitalise shopping areas to attract more businesses, shoppers and visitors
- Restrict the entry of larger competitors and chain stores into the area (though not everyone agrees)
- · Easier approvals process for new ventures
- New and restored tourism attractions to attract more visitors to the local area
- 3. Create more local job opportunities

#### **Community Voices**

"The local town centre. There are a lot of empty shops and closed businesses. Derelict buildings not being sold/used."

"Create more local jobs for local people."

"I think you seriously need to address the "death" of Haynes street as a central village location - its terrible and we have lost so many businesses. This street should be key to a village revitalization program."

"Making Kalamunda a home in hills again - not a place for chain stores and cafes. Decent shops and improving Haynes Street which is a dump at the moment. If the idea is to make sure there are lots of villas and units for the elderly - please remember that elderly people too like decent shops without having to shop outside the city."

"Keeping local business going. Not building modern looking buildings. Not allowing places like Aldi to come up, which ultimately had a disastrous affect on CRABBS IGA closing its doors which was an iconic place for over 80 years... Shire not letting money be the reason for allowing foreign business to set up in the area."

"More retail opportunities for young people i.e. fast food. Less focus keeping on Kalamunda in the 1970's and start approving permits and applications to keep Kalamunda open after 5pm..."

"Do more in High Wycombe. The Coles store is too small. We need more variety stores like Spotlight e.g."

"Improved shopping options up the hill by support from council for larger retailers."

"We need a total reinvigoration of the Kalamunda town site. We have to attract more visitors so businesses will open and invest in the area. Realistically more visitors can only come from tourists. To attract tourists (and they will return) we need a world class attraction. The restored zigzag railway would do this."

## How did priorities differ among respondents who opted in?

A Community Priorities Window for residents who were randomly selected (top, right) has been compared to residents who opted in to complete a scorecard (bottom, right). The key observations are:

- Residents who opted in provided slightly lower performance ratings (average rating was 51) compared to residents who were randomly selected (average rating was 54).
- Both groups placed playgrounds, parks, reserves and ovals in their top 2 priorities.
- Economic development and community consultation were higher priorities among residents who opted in.
- Both groups mentioned the following priorities: sport and recreation centres, traffic management, how the local area is being developed, and how local history and heritage is being preserved and promoted.

A detailed MARKYT Priorities Window for residents who opted in is provided overleaf.

# MARKYT industry comparisons

## Overall Performance | industry comparisons

The 'Overall Performance Index Score' is a combined measure of the City of Kalamunda as a 'place to live' and as a 'governing organisation'. The City of Kalamunda's overall performance index score is 69 out of 100, 3 index points above the industry standard for Western Australia.

#### **Overall Performance Index Score**

average of 'place to live' and 'governing organisation'

- City of Kalamunda
- Metropolitan Councils
- Regional Councils

# How to read the MARKYT ♦ Benchmark Matrix TM

The MARKYT® Benchmark Matrix <sup>TM</sup> (shown in detail overleaf) illustrates how the community rates performance on individual measures, compared to how other councils are being rated by their communities.

There are two dimensions. The vertical axis maps community perceptions of performance for individual measures relative to the average score for all measures. The horizontal axis maps performance relative to the MARKYT® Industry Standards.

This line represents Council's average performance for all individual measure.
As it represents the average, around half of the service areas will be placed above the line, and around half will be positioned below the line.

Councils aim to be on the right side of this line, with performance ABOVE the MARKYT® Industry Standard.

## MARKYT Benchmark Matrix TM

- Q. How would you rate performance in the following areas? Base: All respondents, excludes unsure and no response. Service areas are included when MARKYT® Industry Standards are available.

# Recommendations

## Recommendations

- 1. **Celebrate improved performance** across a number of service areas, in particular with the City's online engagement tool, natural disaster education, prevention and relief, parking management and customer service.
- 2. Develop a campaign to **share good news stories** with Council, staff and the community.
- 3. Engage the community to a) close the feedback loop, sharing key insights from the MARKYT® Community Scorecard and b) **formulate more detailed recommendations** for Council's consideration to address local community priorities for improved playgrounds, parks and reserves, sport and recreation centres, footpaths and cycleways, streetscapes, character and identity, safety, traffic and economic development.
- 4. Review the City's **Strategic Community Plan**, supporting plans and budget to ensure they reflect local community needs and priorities. Improve communication of the City's strategies for addressing the top priorities to demonstrate that the City is listening and responding to community feedback.
- 5. Engage with local residents and ratepayers to develop a **strong**, **clear vision** for the future. Improve the <u>Vision Score</u> from 33% to 61% to close the gap with the best performing council. The City is well placed to do this. Councils that have achieved leading Vision Scores have done so with revitalisation plans (i.e. Cities of Kwinana and Busselton).
- 6. Take a more active leadership and advocacy role in relation to **climate change** and **community wellbeing** (including mental health). 2 in 3 residents support further action by the City in these areas.
- 7. Invest in building a comprehensive **local community database**. Developing a database that includes demographic profiling will assist the City to better meet community needs in future with targeted communication and engagement.
