I'm a lifetime Lesmurdie local – from Walliston PS to Mazenod College – and now a small business owner through Ascend Tuition Centre.

I know what makes our Hills special, and I'll fight to protect our way of life, making sure council decisions reflect our community's needs. I share your vision for our community - embracing our home among nature through sensible decision making, and future focussed planning.

My priorities for South East Ward include:

Respect for your rates – every dollar spent on real improvements to our ward, and essential services, not waste.

Sensible planning – development & approvals that protect and enhance our Hills lifestyle and urban forest – not ones which burden residents.

Youth Advocacy – upgraded rec spaces to keep kids active, engaged and out of trouble.

Support for seniors – more aged-care so locals can stay in the community they love.

Vote 1 Sean Johnson – Because SE ward deserves one of its own.
