Plants for Residents

Plants Information Guide 2024

kalamunda.wa.gov.au

2024 PLANTS FOR RESIDENTS PROGRAM

- Online plant reservations open 9am on Monday, 29th April 2024 via [Plants for Residents 2024 Tickets, Woodlupine Family & Community Centre, Forrestfield | TryBooking Australia](#)
- Households can select up to 15 native plants.
- There is a limit of five (5) plants per species, per order.
- One order per household only. First order received will be deemed the valid order.
- Residents can only order from ONE timeslot and attend this pick-up timeslot.
- As this is a very popular program, at any time, the plant allocation may be exhausted before the closing date of 5pm on Monday, 29th April 2024. It is recommended to register as soon as possible to avoid missing out.
- Pick up times will be 45-minute timeslots on:
Saturday, 25th May between 8am - 1pm from Woodlupine Family and Community Centre, Forrestfield.
Find full terms and conditions via: www.kalamunda.wa.gov.au/plants-for-residents
- The following list of plants provided is correct at the time of publishing.
Where possible, the City of Kalamunda, in partnership with Apace, will strive to provide the selected plants.
If your preferred plants are not in stock or become unavailable, you will be provided with the closest substitute.

Acorn Banksia (dwarf) / Manyret *Banksia prionotes*

Banksia prionotes is a non-lignotuberous shrub or tree. It produces orange and white flowers towards Autumn, or in the Noongar six-seasons calendar system, Bunuru. It is a food source for the endangered Black Cockatoo.

Rewild plant summary: <https://rewildperth.com.au/resource/acorn-banksia/>

Bacon and Eggs

Gastrolobium capitatum

up to 1m high

Prostrate to low, bushy shrub up to 1m high. Red (orange) and yellow (brown) pea flowers, winter to spring. Bee attracting, shade tolerant and dieback resistant.

Rewild plant summary: <https://rewildperth.com.au/resource/bacon-and-eggs>

Black Coral Pea

Kennedia nigricans

up to 4m tall

A trailing or twining shrub or climber, growing up to 4m tall. Produces black and yellow flowers in Winter and Spring.

Apace plant summary: <https://www.apacewa.org.au/plant/kennedia-nigricans>

Bluebell Creeper

Billardiera fusiformis

Sturdy climber. Fl. blue/white/pink, Nov to Dec or Jan to Feb. Coastal areas, disturbed water crossing sites.

Flora of Australia plant summary: <https://profiles.ala.org.au/opus/foa/profile/Billardiera%20fusiformis>

Buttercup

Hibbertia subvaginata

up to 1.2m tall

A generally erect shrub, growing up to 1.2m tall. Like many other Hibbertia species of the region, it produces yellow flowers from winter to summer.

Flora of Australia plant summary: <https://profiles.ala.org.au/opus/foa/profile/Hibbertia%20subvaginata>

Candle Hakea

Hakea ruscifolia

up to 0.5 to 3 metres high

Lignotuberous shrub to 0.5 to 3 metres high. Intense flowering stems of cream flowers in summer.

Rewild plant summary: <https://rewildperth.com.au/resource/candle-hakea/>

Candlestick Banksia / Biara

Banksia attenuata

0.4-10 m high

Lignotuberous tree-shrub, 0.4-10 m high. epicormic buds. Fl. yellow, Oct-Dec or Jan-Feb. Sand dunes, sandplains.

Rewild plant summary: <https://rewildperth.com.au/resource/candle-banksia/>

Common Brown Pea

Bossiaea eriocarpa

up to 0.6 metres high

Low shrub to 0.6 metres high with the leaves arranged in two opposite rows. Pea flowers brown - yellow July to October

Rewild plant summary: <https://rewildperth.com.au/resource/common-brown-pea/>

Darling Range Ghost Gum

Eucalyptus laeliae

5-20 m high

Tree, 5-20 m high, bark smooth, powdery. Fl. white, Dec or Jan to Feb. Sandy clay, sandy loam. Granite outcrops & hills.

Apace plant summary: <https://www.apacewa.org.au/plant/eucalyptus-laeliae/>

Devil's Pins / Puyenak

Hovea pungens

up to 1.8m tall

An erect, pungent shrub, growing up to 1.8m tall. Produces purple flowers winter through spring.

Rewild plant summary: <https://rewildperth.com.au/resource/devils-pins/>

Dune Moses / Panjang*Acacia lasiocarpa***up to 1m high**

Dense, compact fast-growing shrub to 1m high; masses of yellow flowers June to November. Bird attracting.
 Apace plant summary: <https://rewildperth.com.au/resource/dune-moses/>

**Firewood Banksia (dwarf) /
Bulgalla***Banksia menziesii***up to 2m high**

Tree or shrub to 2m high usually with a lignotuber. Red, yellow flowers during autumn and winter.
 Bird attracting (including Carnaby Cockatoos), butterfly attracting, dieback susceptible.
 Rewild plant summary: <https://rewildperth.com.au/resource/firewood-banksia/>

Forest Sheoak / Kondil*Allocasuarina fraseriana***5-15m high**

Dioecious, erect tree, 5-15 m high, bark fibrous, reddish-brown. Fl. brown, May to Oct. Lateritic soils, white, grey or yellow sand.
 Jarrah forest, sand dunes.
 Rewild plant summary: <https://rewildperth.com.au/resource/frasers-sheoak/>

Graceful Honeymyrtle*Melaleuca radula***0.3 to 2.4m high**

Shrub 0.3 to 2.4m high. Associated with granite outcrops and water sources. Pinkish mauve flowers during winter and spring.
 A shade tolerant resprouter that attracts bees and birds.
 Apace plant summary: <https://www.apacewa.org.au/plant/melaleuca-radula/>

Green Stinkwood*Jacksonia sternbergiana***up to 5m high**

An erect shrub to 5m high with pendulous branches, yellow/orange pea flowers most of the year. Shade tolerant.
 Will resprout after fire. Attracts birds, bees and butterflies.
 Apace plant summary: <https://www.apacewa.org.au/plant/jacksonia-sternbergiana/>

Grevillea*Grevillea crithmifolia***0.6 to 2m high by 3m wide**

Spreading shrub 0.6 to 2 metres high by 3m wide. Occurs in white or yellow sand over limestone and dunes.
 White flowers from winter to spring. Bird, bee and butterfly attracting. Has some shade tolerance. It is dieback susceptible.
 Apace plant summary: <https://www.apacewa.org.au/plant/grevillea-crithmifolia/>

Grey Cottonheads*Conostylis candicans***up to 0.4m high**

Rhizomatous perennial grass like herb to 0.4 metres high. Globular yellow flower heads August to September.
 Shade tolerant, hardy strap leaved groundcover.
 Rewild plant summary: <https://rewildperth.com.au/resource/grey-cottonheads/>

Harsh Hakea / Pulgur*Hakea prostrata***0.3 to 3m high**

Erect to spreading non lignotuberous shrub 0.3 to 3 metres high. White flowers winter to spring.
 A shade tolerant and bird and bee attracting plant.
 Rewild plant summary: <https://rewildperth.com.au/resource/harsh-hakea/>

Heart-leaf Flame Pea*Chorizema cordatum***0.3-1.5m high**

Erect, straggling or climbing shrub, 0.3-1.5 m high. Fl. yellow & orange & red/pink, Jul - Dec.
 Near rock outcrops, on hills, along streams and watercourses, winter-wet flats.
 Apace plant summary: <https://www.apacewa.org.au/plant/chorizema-cordatum/>

Honey Bush*Hakea lissocarpha***0.4-1.5(-3)m high**

Erect to sprawling, pungent, lignotuberous shrub, 0.4-1.5(-3) m high. Fl. white-cream/yellow/pink, May to Sep. White, grey or yellow sand, sandy loam, granitic soils, laterite.

Rewild plant summary: <https://rewildperth.com.au/resource/honey-bush/>

Honeypot Dryandra*Banksia nivea***0.15-1.5m high**

Shrub, 0.15-1.5 m high. Fl. cream-yellow-orange-pink/red-brown, Apr or Jul to Nov. Sandy soils, gravel, laterite, granite.

Apace plant summary: <https://www.apacewa.org.au/plant/banksia-nivea/>

**Kangaroo Paw, Red & Green /
Kurulbrang***Anigozanthos manglesii***0.5-3m high**

Rhizomatous, perennial, herb, 0.5-3 m high. Nov to Dec or Jan. Grey or yellow sand, clay, gravel.

Drainage lines, fringing wetlands, roadside gutters.

Rewild plant summary: <https://rewildperth.com.au/resource/red-and-green-kangaroo-paw/>

Marno*Daviesia divaricata***3m high**

Erect shrub or small tree up to 3 m high. Yellow/orange/red/purple/brown pea flowers from June to November.

Apace plant summary: <https://www.apacewa.org.au/plant/daviesia-divaricata/>

Mouse Ears*Calothamnus rupestris***1 to 4m high**

Erect or spreading shrub 1 to 4m high. Blood red flowers during winter to summer. Bird and bee attracting plant.

Rewild plant summary: <https://rewildperth.com.au/resource/mouse-ears/>

Native Wisteria / Koorla*Hardenbergia comptoniana*

Twining shrub or climber, with masses of Purple pea flowers in winter to spring.

A shade tolerant, Bird, Bee and Butterfly attracting plant that will resprout after fire.

Rewild plant summary: <https://rewildperth.com.au/resource/native-wisteria/>

Net Leaved Wattle*Acacia urophylla***1 to 3m high**

Erect, slender shrub 1 to 3 m high. Often associated with watercourses and damp places.

Pale yellow, cream, white flowers winter to spring. Dieback resistant.

Apace plant summary: <https://www.apacewa.org.au/plant/acacia-urophylla/>

One-sided Bottlebrush / Queitjat*Calothamnus quadrifidus***1m to 2m high**

Erect compact or spreading shrub to 1m to 2m high. Deep red flowers winter to summer. Attracts birds.

Rewild plant summary: <https://rewildperth.com.au/resource/one-sided-bottlebrush/>

Pincushion Hakea / Kodjet*Hakea laurina***up to 6m tall**

A tree that grows up to 6m tall. It produces red and white pin cushion shaped flowers from April to August.

Rewild plant summary: <https://rewildperth.com.au/resource/pincushion-hakea/>

Prickly Conostylis*Conostylis aculeata***up to 0.5m tall**

Rhizomatous perennial grass-like herb. Tufted relative of Kangaroo Paws. Grows up to 0.5m tall.

Occurs in dry and wetland soils. Yellow globular flowers in spring. Shade tolerant.

Rewild plant summary: <https://rewildperth.com.au/resource/spiny-cottonheads/>

Prickly Moses / Mindaleny*Acacia pulchella***up to 1.5m tall**

A shrub to 1.5 m tall, branching freely; branchlets spine tipped, slightly flexuose, pale green, glabrous or with sparse, to 3 mm long, erect hairs.

Rewild plant summary: <https://rewildperth.com.au/resource/prickly-moses/>

Prickly Poison*Gastrolobium spinosum***0.3 to 3.5m high**

Erect prickly shrub 0.3 to 3.5 metres high. Yellow and red flowers in winter to spring.

Apace plant summary: <https://www.apacewa.org.au/plant/gastrolobium-spinosum/>

Purple Flag / Komma*Patersonia occidentalis***up to 1.5m high**

Western Patersonia: Rhizomatous, tufted perennial, herb, to 1.5 m high. Fl. purple, Aug to Dec/Jan.

Rewild plant summary: <https://rewildperth.com.au/resource/purple-flag/>

Sea-urchin Hakea*Hakea petiolaris***up to 9m high**

Erect shrub or tree, to 9 m high. Fl. pink & cream, Mar to Jul. Loam, granite. Outcrops

Rewild plant summary: <https://rewildperth.com.au/resource/sea-urchin-hakea/>

**Silky-leaved Blood Flower /
Kwobjard***Calothamnus sanguineus***0.2-2m high**

Erect to open spreading shrub, 0.2-2 m high. Fl. red, Mar to Nov. Sandy or lateritic soils.

Sandplains, limestone ridges, rocky outcrops

Rewild plant summary: <https://rewildperth.com.au/resource/silky-leaved-blood-flower/>

Snakebush*Hemiandra pungens***up to 1m tall**

Small shrub up to 1m tall. Has Mauve or white flowers through spring and summer. S

shade tolerant and may attract butterflies. It's dieback resistant and can resprout after fire.

Rewild plant summary: <https://rewildperth.com.au/resource/snakebush/>

Swamp Teatree*Pericalymma ellipticum***up to 3m high**

A small, erect shrub up to 3m high. Produces white/pink wax flowers with a pink/red centre from spring to summer.

Shade tolerant and typically grows on seasonally damp soils

Apace plant summary: <https://www.apacewa.org.au/plant/pericalymma-ellipticum/>

Swan River Myrtle*Hypocalymma robustum***up to 1m high**

A very attractive small multi stemmed shrub to 1 metre high with deep pink wax flowers in June to October.

Rewild plant summary: <https://rewildperth.com.au/resource/swan-river-myrtle/>

Tar bush*Eremophila glabra***0.1-3m high**

Shrub, 0.1-3 m high. Fl. green-yellow-orange-red-brown, Mar to Dec. Sand to clay soils, sometimes saline, stony loam, limestone. Winter-wet depressions, sandplains and dunes.

Rewild plant summary: <https://rewildperth.com.au/resource/tar-bush/>

Two-leaf Hakea*Hakea trifurcata***1 to 3m high**

Rounded or open bird and bee attracting shrub, 1 to 3 metres high. Two distinctly different leaf shapes.

Flowers white, winter and spring.

Rewild plant summary: <https://rewildperth.com.au/resource/two-leaf-hakea/>

Wavy-leaved Hakea*Hakea undulata***1-2m high**

Erect, often straggly, non-lignotuberous shrub, 1-2 m high. Fl. white, Jul to Oct. White or grey sand, clay, loam, gravel, laterite.
Apace plant summary: <https://apacewa.org.au/plant/hakea-undulata/>

Western Bottlebrush / Birdak*Callistemon phoeniceus***up to 1.5 to 6m high**

Tree or shrub to 1.5 to 6 metres high with an open habit. Red bottlebrush flowers in spring to summer.
Bird and bee attracting shade tolerant plant.
Rewild plant summary: <https://rewildperth.com.au/resource/western-bottlebrush/>

White Gum / Wandoo*Eucalyptus wandoo***3-25m high**

Tree, 3-25 m high, bark smooth, powdery or non-powdery. Fl. white-cream, Dec or Jan to May.
Sandy loam, clay loam, gravel, laterite, granite. Stony rises, undulating terrain
Rewild plant summary: <https://rewildperth.com.au/resource/wandoo/>

White Myrtle*Hypocalymma angustifolium***up to 1.5m high**

Erect, multi-stemmed shrub, to 1.5 m high. Fl. white-cream, Jun-Oct. Flats, swamps, along watercourses, near permanent fresh-water springs, outcrops, hillsides.
Apace plant summary: <https://www.apacewa.org.au/plant/hypocalymma-angustifolium/>

York Road Poison*Gastrolobium calycinum***1 to 1.5m high**

Erect medium shrub 1 to 1.5 metres high. Red and orange pea flowers in winter to spring.
Shade tolerant Bird and bee attracting wetland plant. Poisonous to stock.
Apace plant summary: <https://www.apacewa.org.au/plant/gastrolobium-calycinum/>
